ABOUT US

Gorilla Truck Box™ is purposely built with the Carpet Cleaner and Professional Restorer in mind. It is the first truck box custom built for this industry from the ground up. Every compartment was specifically built with a place for everything and everything in its place. The Gorilla Truck Box™ was built to last, with heavy duty all steel construction, it is truly gorilla tough.

Gorilla Truck Box™ was founded by James and Candace Longley, a husband and wife team, who understand the cleaning business. Being in the supply business for the last 15 years and prior to that in the cleaning and restoration business, doing water damage restoration, fire damage restoration, mold remediation, carpet cleaning and a number of other services gave them insight in the design of the Gorilla Truck Box™. James said, "I was never fully satisfied with the trucks being used in our industry. We always used the vans and trucks available and tried to convert them to fit the needs of the cleaner and restorer. Although that has been okay, it never was quite right. I hated climbing in and out of vans and box trucks, plus standing on your head to work on bolted in truck mounts, and never having all your tools really organized, it seems like the trucks we were using were a bigger disaster than the jobs we were going out to restore". So came the design of the Gorilla Truck Box™, purposely designed to meet the demanding needs of the cleaner and restorer. Test one out today and you will see there is nothing that compares to the quality and workmanship of the Gorilla Truck Box™.

GORILLATM TRUCKBOX

TRUCKBOX.COM

► All New Design

Looking for the most versatile enclosed utility body in the industry? Look no further! The Gorilla Truck Box is essential equipment among the professional carpet cleaner, restoration contractor, HVAC/plumbing, electrical, construction, and lawn care service companies.

- The Gorilla G1 Truck Box was specifically built for the contractor that needs to carry a heavy payload. You will have all the power you need to accomplish any task with a payload over 6000 lb (on 5500) and the optional diesel engine, and 4 wheel drive. The Gorilla G1 Truck Box is installed on the truck chassis of your choice: Chevy, Ford, or a Dodge 120" CA with a gas or diesel engine. The crew cab option on Chevy 5500 Silverado allows the contractor to send up to six men in one vehicle to the job site. The 90" wide roll up door makes it easier to mount the largest of truck mounted extractors, pressure washers, plumber jetters, or lawn care spray rigs. The Gorilla G1 Truck Box side accessible compartments enable the contractor to sufficiently organize their tools and equipment without having to crawl in the back of the truck; it directly translates into better efficiency and productivity on the job site.

► Highlights

The Gorilla G1 utility body's feature side accessible storage compartments and an oversized cargo area with the option of locking all doors with the push of a button to maximize security. A big part of your livelihood is your tools and equipment; you need a utility truck box that is set up for the way you work. Putting together the ideal work truck will make you more productive, efficient, and contribute more to your bottom line.

- The passenger side of the truck has a large 90" wide roll up door that gives you the versatility to permanently mount your equipment, or store large equipment for installation on location.

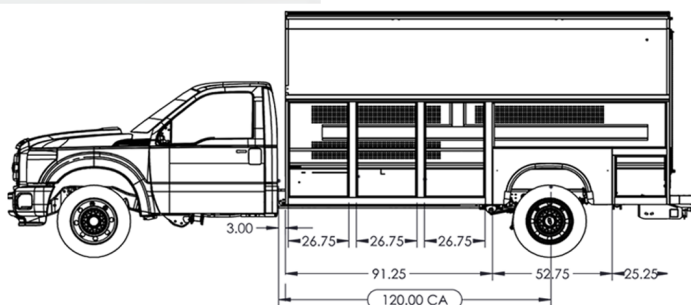

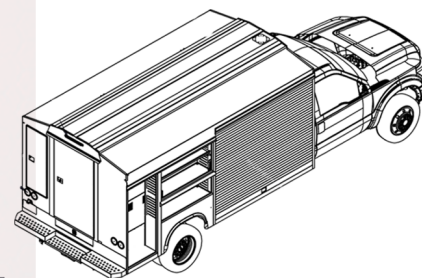

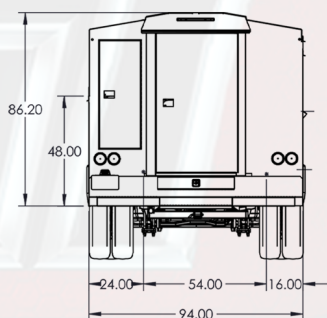

- The rear of the Gorilla G1 truck features one large (26.5" wide) door to access the large cargo areas and a smaller door that gives you full access to the more than 15' long compartment on the drivers side of truck. This allows storage of long area rugs, pipes, or equipment of your choice. The ramp gives you easy access to load and unload equipment.

► Versatile

The Gorilla G1 Truck Box is designed to fit the needs of most carpet cleaners.

- Custom shelving with removable compartment cases can be designed to fit your needs. Gorilla Truck Box shelving packages for HVAC, plumbing, electrical, and construction contractors turns your truck into a mobile warehouse for all of your resale parts. Think of the time and money that's wasted chasing parts; never again with Gorilla Truck Box.

- So, if you're looking for organization, efficiency, and productivity that will add to your bottom line, then the Gorilla G1 is vital to your success! All the other competitors are just trucks with shelves.

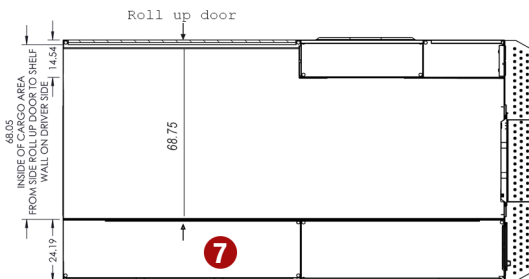

A Place For Everything And Everything In Its Place!

The design team at Gorilla Truck Box has painstakingly looked at how we can build you a truck that is versatile enough to accommodate the tools you need to perform the tasks at hand. On the Gorilla G1 Truck Box, everything has a place, so you can find it quickly and efficiently. The result is a truck that directly translates into better efficiency and productivity on the job site. There will be no more wondering if you have all of your tools from job site. A quick glance in each compartment will tell you what is missing, which will save you time and money.

Passenger Side Compartments

- 1** **Compartment size -W 31.125"x H 68.25"x D 13.125"**
This compartment has been designed to hold the latest carpet, tile, and upholstery cleaning tools on the market. It's easily customizable for the tools you already own, or you can customize with compartment shelves and removeable cases to fit the needs of HVAC/plumbing, electrical, construction, utilities, and telecommunications companies.
- 2** **Compartment size -W 46.75" x H 26.50" x D 13"**
This compartment has an adjustable shelf that can be customized to fit your needs for a number of miscellaneous items of your choice.
- 3** **Compartment size -W 46.75" x H 17" x D 13"**
Designed to store gallon chemicals, (21 gallon capacity), to prepare you for any cleaning task. You can also customize by adding shelving with compartments for all of your parts.
- 4** **Equipment area -W 91 x D 68.75" x H 64.50" (50 ½" is door clearance height)**
This compartment was designed to permanently mount equipment like truck mounted carpet extractors, slide-in units, plumber jetters, and skid mount pressure washers. The compartment can be used to store HVAC units, hot water tanks, and more! With the 90" wide roll up door, your technician has wide access to their equipment.

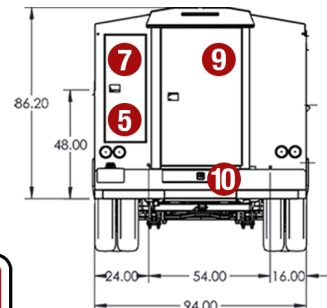

Driver Side Compartments

- 5** **Equipment Compartment: Compartment size -W 168" x H 23" x D 22"**
Designed to fit the latest air movers such as Phoenix Air Max, or DriEaz Velo. This compartment will hold 20 low profile, or 12 old style, air movers. You can store items over 15' long like: oriental rugs, electrical conduit, or plumber's pvc pipe. You can also customize this compartment with bins that incorporate 68 compartments for parts.
- 6** **Equipment Compartment: Compartment Size - W 91" x H 23.25" x D 18.50"**
Designed to fit the latest air movers like Phoenix Air Max, or Drieaz Velo. This compartment will hold 12 low profile, or 4 old style air movers. You can also customize this compartment with bins holding up to 68 compartments for parts.
- 7** **Tool and Equipment: Compartment Size -W 169" x H 34" x D 22½"**
Accessible from interior only; You can store air movers, compact dehumidifiers (such as the Phoenix Dry Max), electrical boxes, compact air scrubbers, or almost any tool that fits your needs. You can store items over 15' long like: oriental rugs, electrical conduit, or plumber's pvc pipe.
- 8** **Miscellaneous Storage: Size -W 23" x H 24¼" X D 18.5"**
This compartment is designed to hold a number of items including: drills, electrical cords, carpet tools, small air movers, electrical boxes, or any other compact item that may fit your needs.

Rear Compartments

- 5** **Small Rear Door: This gives you access to the driver side compartments. This allows long items, over 15 feet long, to be slid in from the back of the truck, or gives access to tools that are stored in compartments.**
- 9** **Large Rear Door: This gives you access to the storage at the back of the truck.**
- 10** **Pull-Out Ramp: This makes it easier to load and unload equipment. The extra-large cargo area gives you the versatility you need to perform any task at hand.**

CARPET PRESPRAYS

Gorilla FLEX Advanced High Alkaline Pre-Spray

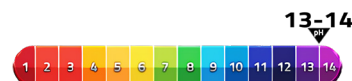

Gorilla FLEX is an advanced high alkaline traffic lane cleaner/pre-spray formulated to be effective on heavily soiled and trashed synthetic carpeting. Gorilla FLEX provides you with superior cleaning effectiveness when compared to other restorative carpet cleaning pre-sprays. It is extremely effective and aggressive on grease, soil, food, oxidized oils, fine particulate clay based soiling, and even filtration soiling. Even with its incredibly aggressive formula, Gorilla FLEX is safer to use than other heavy duty cleaners. With Lemon Scent

Dilution

For Heavy Soiling 1:12

For Medium Soiling 1:20

Case: Includes 4 gallons

Gorilla SLAM Advanced High Alkaline Pre-Spray

Gorilla SLAM is an economical highly concentrated pre-spray for carpets. Especially designed for removal of heavy soils, grease, and spills on the filthiest of carpets. Gorilla SLAM is very effective on Olefin carpets and has a nice orange scent. Gorilla SLAM is not designed to be used on 5th generation fibers. For 5th Generation Fibers try our Gorilla EraserPac for all your stain resistant carpets.

Dilution

For Heavy Soiling 1:16

For Medium Soiling 1:32

Case: Includes 4 gallons

Erase HD Heavy Duty Pre-Spray

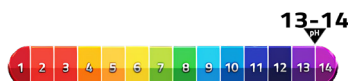

Erase HD is especially formulated to clean the most extremely soiled carpets. Use on the toughest cleaning jobs like apartments, restaurants and commercial cleaning. This high performance cleaner quickly suspends and emulsifies even the most stubborn soils instantly. Erase HD is to be used as a pretreatment on heavily soiled carpets and should be extracted after use. Erase HD is not designed to be used on 5th generation fibers. For 5th Generation Fibers try our EraserPac for all your stain resistant carpets.

Dilution

For Heavy Soiling 1:8

For Medium Soiling 1:16

Case: Includes 4 gallons

Erase HD Powder With OrangeSolv

Erase HD Powder with OrangeSolv is a heavy duty carpet pre-spray designed for use in injection sprayers, pump, and electric sprayers. Best results are obtained from using hot water.

- Ultra concentrated enhanced, high alkaline prespray for restorative carpet treatment.
- Works on contact and dissolves grease and oils in minutes and is ideal for any restorative carpet cleaning application.
- Costs you much less per gallon when compared to other restorative high alkaline presprays.
- Less foamy than typical high pH presprays.
- Leaves carpet smelling citrus fresh.

Dilution

Pump or Electric Sprayers - Dilute 1 scoop (2 ounces) of Erase HD Powder with OrangeSolv per gallon of hot water for most soils. Use up to 2 scoops (4 ounces) of Erase HD Powder with OrangeSolv per gallon of hot water for heavily soiled carpets.

Injection Sprayer - Dilute 8 scoops (16 ounces) of Erase HD Powder with OrangeSolv per Injection Sprayer container of warm water. Dilute at 1 to 8 setting.

Case: Includes 4 6.5 lb. tubs

CARPET PRESPRAYS

Olefin Eraser **Traffic Lane Cleaner**

Olefin Eraser Traffic Lane Cleaner and Carpet Preconditioning Agent is an advanced high alkaline traffic lane cleaner/pre-spray formulated to be effective on heavily soiled and trashed synthetic carpeting. Olefin Eraser provides you with superior cleaning effectiveness when compared to other restorative carpet cleaning presprays. It is extremely effective and aggressive on grease, soil, food, oxidized oils, fine particulate clay based soiling, and even filtration soiling.

Dilution

For Heavy Soiling 1:8

For Medium Soiling 1:16

Case: Includes 4 gallons

EraserPac **Concentrated Pre-Spray**

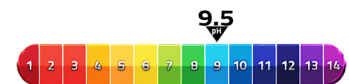

This ultra concentrated carpet prespray is ideal for cleaning heavily soiled traffic lanes and overall carpet preconditioning. EraserPac delivers cost-effective, high quality cleaning at concentration rates unrivaled in the carpet cleaning industry. It starts to work as soon as it is applied and literally melts away even the most stubborn soiling as it dissolves, emulsifies, suspends and deflocculates soil and grease. It powers through the filthiest grime. Safe to be used on 5th Generation Fibers

Dilution

For Normal Soiling 1:64

For Heavy Soiling 1:32

Case: Includes 4 gallons

Enzyme Grease Eater **With OrangeSolv**

Enzyme Grease Eater is especially formulated to dissolve grease and oils and protein soils making them ready for extraction. It works great in restaurants and on problem soils found in homes and apartments. Enzyme Grease Eater is economical to use. It can be diluted for use with any type of sprayer for pennies per diluted gallon.

DIRECTIONS FOR USE

For Heavy Soil, mix 3 oz. Enzyme Grease Eater in one gallon warm water.

For Moderate soil, mix 1 to 2 oz. Enzyme Grease Eater in one gallon warm water.

For injection sprayers like Hydro-force, mix 12 oz. of Enzyme Grease Eater in 5 quarts of warm water.

Case: Includes 4 8 lb. tubs

Gorilla Restore-It **Advanced High Alkaline Pre-Spray**

Gorilla FLEX is an advanced high alkaline traffic lane cleaner/pre-spray formulated to be effective on heavily soiled and trashed synthetic carpeting. Gorilla FLEX provides you with superior cleaning effectiveness when compared to other restorative carpet cleaning pre-sprays. It is extremely effective and aggressive on grease, soil, food, oxidized oils, fine particulate clay based soiling, and even filtration soiling. Even with its incredibly aggressive formula, Gorilla FLEX is safer to use than other heavy duty cleaners. With Lemon Scent

Dilution

For Normal Soiling 1:64

For Heavy Soiling 1:32

Case: Includes 4 gallons

CARPET PRESPRAYS

Traffic Control

Traffic Control is the ultimate prespray for all Olefin and Polyester carpets and works just as well on commercial nylon. Innovative blends of micro-emulsion surfactants and emulsifiers will give you full control of those high traffic areas.

Dilution

Pump or Electric Sprayer: 1:32

Case: Includes 4 gallons

Peroxified Encapsulation Cleaner

Peroxified is a 5 in 1 multi-purpose hydrogen peroxide activated and encapsulating polymer fortified carpet cleaning agent. It combines a synergistic hydrogen peroxide detergent blend with a special encapsulating polymer. The special peroxide blend oxygenates and activates the cleaning power of the polymers and surfactants, and also helps effectively remove many spills and spots (coffee, wine, blood, urine caused discoloration, and more) during the cleaning process.

Dilution

For Heavy Soiling 1:8

For Normal Soiling 1:12

Case: Includes 4 gallons

Encapsulate Bonnet / Brush Encapsulation Cleaner

Based on the latest technology in polymer surfactant cleaning, Encapsulate absorbs and cleans the worst soil. The soil is absorbed into a bonnet or suspended for later vacuuming when used with brush method. Remaining residue retards resoiling. This makes vacuuming more effective and is the foundation for an excellent maintenance system for commercial carpet.

Dilution

For Heavy Soiling 1:8

For Normal Soiling 1:16

Case: Includes 4 gallons

EMULSIFIERS DETERGENTS/RINSES

Blue Thunder

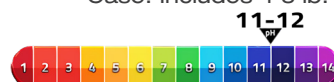

Blue Thunder is a new generation carpet extraction detergent powder with environmentally safe solvents, that quickly cut through grease and the toughest of soil and leaves the carpet clean. Blue Thunder is powerful enough for commercial buildings and restaurant carpets, yet it is also safe for residential carpet. This product can be used as a primary cleaning agent or as a rinsing agent in the extraction process for carpets.

Dilution

Truckmount use: To make a truckmount concentrated slurry, mix 1½ Lbs (3 cups or about 12 scoops) of Blue Thunder into 5 gallons of hot water mix until completely dissolved. Set truckmount chemical feed system from 2 to 3 GPH.

Portable use: Mix ½ to ¾ of an ounce of Blue Thunder per gallon of hot water. Mix until completely dissolved.

Case: Includes 4 8 lb. tubs

EMULSIFIERS DETERGENTS/RINSES

Super Slurry **Extraction Emulsifier**

Super Slurry cleans heavily soiled residential and commercial carpeting and is safe for stain resistant carpet. Super Slurry will not leave a sticky residue common with extraction emulsifiers which promotes carpet resoiling. This product is highly concentrated for economical use.

Dilution

Portable: 1 oz. / 5 Gal.

Truck Mount : 1 pt. / 5 Gal.

Case: Includes 4 gallons

10.5-11.5

All Carpet Rinse

All Carpet Rinse is an acid rinse to neutralize pH in carpet and upholstery. It is extremely effective in removing soap residue from carpets. It has a clean, fresh fragrance that will leave all carpet smelling great. It also can be used as urine treatment to neutralize urine salts. All Carpet Rinse can also reverse yellowing in olefin carpet.

Dilution

Truckmount use: Mix 1 quart into 5 gallons of water to make truckmount concentrate. Set flow meter at 2 gallons per hour.

Portable use: Mix 1 ounce to a gallon of water.

Urine treatment: Mix 6-8 ounces/gallon. Saturate carpet urine spot area allow 15 minutes than extract. For total odor removal follow with urine attack pet odor eliminator.

Yellowing on olefin: Mix 6-8 ounces to one gallon and spray directly on carpet, (no need to extract yellowing should disappear.)

Case: Includes 4 gallons

1.5-2.5

Eraser Rinse

Eraser Rinse is a unique dual purpose product that emulsifies and neutralizes PH in one step. Eraser Rinse also controls wicking and re-soiling with encapsulation technology. Full strength cleaning power for all types of soil. It improves bonding and performance of protectors by neutralizing residue. It is highly concentrated for truckmounts and portable use. Works well with very hot water to cold water. It is especially designed to improve working performance and neutralize all pre-sprays. For the perfect cleaning combination pre-spray with Gorilla EraserPac and rinse with Gorilla Eraser Rinse.

Dilution

Truckmount use: Mix 1 quart to 5 gallons of water and meter through truckmount at desired GPH (1-3 is recommended)

Portable use:
For normal soiling use 2oz of Eraser Rinse to five gallons of water.

For Extreme soiling use 2oz of Eraser Rinse to one gallon of water.

Case: Includes 4 gallons

2-3

CARPET CLEANING BOOSTERS

Peroxi Orange Booster

Peroxi Orange Booster adds the power of oxygen and the power of delimonene in one great product. Add to your cleaning solutions to boost cleaning effectiveness and brighten the finished look. Alkaline builders and color safe oxygen bleach with delimonene supercharges carpet and upholstery cleaning solutions to remove heavy soiling and brighten dingy traffic lanes!

Peroxi Orange Booster has a variety of uses. Add Peroxi Orange Booster to your favorite carpet or upholstery pre-spray. Add to your laundry detergent to boost its cleaning effectiveness. Use on fringes of oriental rugs to change that dingy dirty look to a like new bright white look.

Case: Includes 4 8 lb. tubs

Dilution

Pre-Spray Booster - Use 1/4 to 1/2 ounce of Peroxi Orange Booster per gallon of ready-to-use cleaning solution.

Upholstery Cleaning Booster - Use 1/4 to 1/2 ounce Peroxi Orange Booster per gallon of cleaning solution with either the extraction or shampooing cleaning method.

Fringe Cleaner - Add 1/2 ounce Peroxi Orange Booster per quart of water. Spray on fringe only and allow 15 minutes dwell time before extraction.

Laundry Booster - Use 1/4 to 1/2 ounce per gallon of water. Wash machine size and capacity vary by brand, use accordingly.

Foam Eraser Liquid

Foam Eraser Liquid is a blend of anti-foaming agents and water conditioners. It is intended for commercial use in carpet extraction and cleaning equipment. It can also be used in automatic scrubbers and other vacuum operated systems. This concentrated defoamer is designed to eliminate foaming due to residue left by carpet cleaning chemicals and other foaming cleaners. It quickly knocks down foam to give more efficient pick-up of extractor detergent solutions, and prevents foaming in the recovery tanks. Foam Eraser Liquid can be used in other powered equipment that requires an anti-foaming agent. Always apply a small amount to test for effectiveness.

Uses

If foaming occurs on the carpet or in the recovery tank, pour 2 ounces of defoamer into the vacuum hose. This will eliminate foam in hoses and the recovery tanks. Foam Eraser Liquid can also be added directly to the recovery tank of the extraction equipment or automatic scrubber.

Case: Includes 4 gallons

Foam Eraser Powder

Foam Eraser Powder is a blend of anti-foaming agents and water conditioners. It is intended for commercial use in carpet extraction and cleaning equipment to eliminate foaming from detergent residues left in carpet. It can also be used in automatic scrubbers and other vacuum operated systems. This powerful defoamer is designed to eliminate foaming due to residue left by carpet cleaning chemicals and other foaming cleaners. It quickly knocks down foam to give more efficient pick-up of extractor detergent solutions, and prevents foaming in the recovery tanks. It can be used in other powered equipment that requires an anti foaming agent. Always apply a small amount to test for effectiveness.

Uses

Before extraction, lightly and evenly apply powdered defoamer directly to carpet. Generally a few tablespoons per 100 square feet of carpet are needed to completely prevent foaming. If carpet contains an extra heavy detergent residue from previous cleanings, increase the quantity of powder used.

Case: Includes 4 8 lb. tubs

- Brenton McEntire G.M. Dynamic Carpet Care LLC

YOUR COMPANY COLOR SCHEME

DESCRIPTION
Spot Remover was developed with space age technology by cross linking incompatible chemicals and bonding these with unique wetting and emulsifying agents. Spot Remover will effectively treat and remove almost all common spills and stains. It will provide professional results against most food and beverage spills, blood, iodine, grease, tar, pet stains, smoke, also makes a great laundry booster.

SPOT REMOVER is environmentally safe, non-toxic, non-hazardous, non-corrosive, non-caustic, non-flammable, biodegradable, water soluble. Spot Remover has no high solvents, acids, alkaline, caustics, phosphates or strong fumes.

DIRECTIONS FOR USE
Always pretest for colorfastness and fiber distortion in an inconspicuous area. Apply solution liberally to spot. Agitate into spot and allow solution to dwell 3 to 5 minutes. At a minimum, blot area with clean white absorbent towel. For best results rinse and extract with water.

STORAGE AND DISPOSAL
Store tightly capped in original container with label intact. DO NOT contaminate water, food or feed by storage or disposal. Dispose of empty container after triple rinsing. Do not reuse empty container.
